

The Esplanade Surgery

The Esplanade Surgery is an expanding, well respected and high achieving practice, with just under 10,000 patients. We are situated beside the sea on the Isle of Wight, providing beautiful views and fast links to the mainland and London. Due to the retirement of our senior partner we are looking for an enthusiastic GP for 6-8 sessions a week to come and join our friendly, fun and motivated team.

About the Local Area of Ryde

Ryde is the largest town on the Isle of Wight, and with its prominent position along the seafront and hovercraft and passenger ferry links it is one of the most accessible towns on the Island.

In addition to an expanse of sandy beaches which stretch right along the town, Ryde has a great selection of boutique shops, museums and galleries for you to visit along with lots of other things to see and do along its esplanade.

With Portsmouth just a 10 minute hover ferry ride away, commuting to the Island from Portsmouth is very much an option to work at Esplanade.

Both Union Street and Ryde High Street offer various cuisines from around the globe as well as a good range of bars and pubs for more traditional "pub grub". One of the most popular eateries is the famous Orrery Café whose walls makeup an incredible planetarium, and also forms part of the Donald McGill museum
